

A Name Twice Made Famous, Now a Shining Mark for Imitators.

The name "Chase," twice made famous, is a shining mark for the unscrupulous to pounce upon and appropriate in order to foist upon the public their worthless preparations. These birds of prey, by using the name Chase, expect the public to be fooled into believing they are the medicines of Dr. A. W. Chase, who first became noted as the author of the world famous Dr. Chase's Recipe Book and family physician, and whose fame is now doubly increased by the wonderful success of his Nerve Pills, with Nerve, Brain and Blood troubles. They play upon the name Chase, but dare not use the initials "A. W."

They imitate, but dare not counterfeit the portrait and signature of Dr. A. W. Chase, which identifies the Nerve Pills now recognized as infallible for building up pale, weak, thin-blooded, nerve exhausted sufferers.

Who are nerve-tired and brain-weary. Who are easily exhausted. Who are wakeful—cannot sleep. Who have nervous headache.

They remove the cause of blood impurities, securing refreshing sleep and impart strength.

They build up people who find their strength and vigor waning.

They settle irritated nerves, replace languor, and lassitude with energy and animation. Cure Nervous Dyspepsia.

CAUTION.—The protection to the public in securing the genuine and original Dr. A. W. Chase preparation is in seeing the portrait and signature of A. W. Chase, M. D., on each box. These and these only are the genuine. Do not be satisfied with anything bearing the name "Chase" without the initials A. W. Chase, of Druggists or Dr. A. W. Chase, Medicines Co., Buffalo, N. Y.

SAD ANNIVERSARY

Memory of the Lamented McKinley Is Generally Recalled in Pulpits.

THE DAY AT CANTON

Judge Day, Advisor and Friend of the Late President Delivers Touching Eulogy.

With the Widow of the Martyred Chief Executive Every Day Is a Memorial Day.

Canton, O., Sept. 15.—Judge William R. Day delivered the chief McKinley memorial day address here yesterday in the First M. E. church, of which the late president was a member and in which the funeral was held Sept. 19, 1901. The only decorations were flowers and a portrait of the late president, around which were the folds of the Stars and Stripes, emblematic of the patriotic spirit of McKinley.

In addition to the tribute paid by Judge Day, who was secretary of state in McKinley's cabinet and a close friend and advisor to the martyred president, there was a general observance of the day in Canton, which claimed him as its own. From almost every pulpit there was reference in prayer or an address to him and his work. His favorite hymns were used. In the Catholic churches of the city special mass was said, tribute was also paid by some of the priests to the memory of McKinley, because having known him personally, they could not forbear.

Although deeply conscious of the fact that it was just one year ago that her husband died, Mrs. McKinley did not vary the program followed by her for several months. All day to her have been memorial days. Her usual trip to Westland cemetery was taken Sunday forenoon and she laid low's offering of flowers on the casket that contains the remains of the nation's martyred chief. Mrs. Garrett A. Hobart, who is her guest, went with her into the McKinley tomb and also laid a bouquet of flowers on the coffin. Their subsequent drive took them to the McKinley family burial lot, where the daily bouquets were laid by Mrs. McKinley's direction. The afternoon and evening were spent at the McKinley home. During the day there were many visitors at the McKinley vault.

A BIT PERSONAL

President Disapproves of His Pastor's Intimate Remarks.

Oyster Bay, N. Y., Sept. 15.—Rev. Dr. Henry Homer Washburne, rector of Christ Episcopal church, incurred the avowed disapproval of President Roosevelt Sunday by a sermon in which he devoted considerable attention to "the possibility of danger coming by and through the unguarded use of great wealth concentrated in the hands of a few," and in which he also stated that "if ever circumstances indicated that one was placed providentially in the executive chair of the nation, then the circumstances that attended the promotion of Mr. Roosevelt so indicated."

Sunday was the first anniversary of the death of President McKinley, and the president had requested Mr. Washburne to hold memorial services. The announcement that this would be done and that President Roosevelt and his family would be present, served to draw a large crowd to Christ church, which the president attends while here. The first part of the rector's sermon was devoted to an eulogy upon the life and character of the martyred McKinley, and to this the president listened attentively. But when in the second part of the sermon Mr. Washburne took occasion to speak of the possibility of danger coming through certain trusts, and also to laud the president, Mr. Roosevelt became restive. His face colored and he plainly showed signs of disapproval of the rector's utterances. At the conclusion of the sermon he turned to Mrs. Roosevelt, who sat beside him, and whispered: "He should not have done that."

After the services the president stated that he had requested Mr. Washburne to hold memorial services, but that he had no knowledge of what the sermon contained, nor had he any intimation that the rector would refer to the trusts or to himself.

Mr. Washburne also stated that he had prepared the sermon without consulting any members of the president's family. Mr. Washburne took for his text Galatians iv., 4, fourth verse: "But when the fullness of the time was come, God sent forth his son, made of a woman, made under the law, that we might receive the adoption of sons."

At the Capital.

Washington, Sept. 15.—The anniversary of the death of President McKinley was marked by some tender and sincere mention of him in nearly every church in Washington. In many of them were exhibited emblems of mourning and also the national flag. Reports from all parts of the country attest the general observance of the day.

PIERCE FOREST FIRES

Many Lives Lost In Flames On Pacific Coast.

Kalama, Wash., Sept. 15.—D. L. Wallace, wife and two children were burned to death Saturday night by the forest fires on Lewis river. They were camping in the woods when caught by the fire. Their wagon was burned up. A twelve-year-old boy of Mr. Hanley's also is dead. Mrs. John Polly and baby and a brother and Mr. Newhouse and Mrs. Graves are dead. Fifteen others were found without clothing except gunnysacks.

Five logging camps are burned out completely, and many families have lost everything. The worst of the fire is on Lewis river about twelve miles above Woodland. The country is well settled and there are doubtless other casualties not yet reported. The fire has spread from Lewis river north to the Kalama river and fifty sections of the finest timber on the coast are destroyed. It is impossible to give any estimate of the amount of the damage done to property. A great fire is also raging on the Cowlitz in the northern part of the county. Everything combustible was consumed. The air is thick with smoke and falling ashes. Many lumber camps are reported destroyed or badly damaged. Two men from Barr's camp are reported missing and people are panicking. In Cowlitz county five people are dead and two missing, with incomplete reports. A courier just arrived states that there are only two houses left standing on Lewis river in a distance of thirty miles, and that not less than fifteen persons have perished.

Many Rendered Homeless.

Portland, Ore., Sept. 15.—About 300 people are left homeless in Multnomah and Clackamas counties as a result of the forest fires that have raged for the past week. Fires have burned over a wide scope of country, but the greatest damage in this state appears to have been done in these two counties. In the fire that destroyed the town of Palmer near Bridal Veil, two boys named Hamilton were burned to death.

ISTHMIAN CITIES

Colon and Panama Are to Be Closely Guarded.

Panama, Sept. 15.—Advices received here from Barranquilla say the government cruiser Cartagena is at that port awaiting the arrival of troops down the Magdalena river from Honda. The Cartagena may reach Colon today. A dispatch has been received here from the minister of war at Bogota saying that General Perdomo and his army are coming to reinforce the isthmus as quickly as possible; the war minister orders General Salazar to employ all the means in his power to resist the insurgents pending the arrival of General Perdomo.

General Perdomo recently pacified the province of Tolima, and the fact of his now being sent to the isthmus is taken as proof that the government of Bogota appreciates the perilous situation of its forces here. The insurgent general Herrera is reported to be strengthening his positions at Bejuco and Chame. It is believed in certain quarters that he may have resolved not to attack Panama or Colon, having heard how well these ports are defended. Unless General Herrera attacks within the next four days he may lose his chances of capturing either city, for with the arrival of reinforcements it is believed such an enterprise would be too much for his army.

Trolley Cars Wrecked.

Springfield, O., Sept. 15.—Two interurban trolley cars crashed into each other and were telescoped on the Dayton, Springfield & Urbana line Sunday morning. The rear car was trailing the other, and because of the fog could not see the car in advance. It was going at the rate of thirty miles an hour. The cars were wrecked and Conductor Southern of the front car probably fatally injured.

Burned Itself Out.

Beaumont, Tex., Sept. 15.—The burning gusher ceased flowing of its own accord Sunday morning, and the fire was easily extinguished. Smoldering fire at the big tank is all that remains of the flames.

To Stop the Fight.

Frankfort, Ky., Sept. 15.—Governor Beckham has directed Attorney General Pratt to proceed with legal proceedings to stop the McGovern-Corbett prize fight at Louisville.

TERSE TELEGRAMS

Secretary Shaw has made arrangements to release about \$1,000,000 of the treasury holdings. It is reported from Brussels that the condition of Marie Henrietta, Queen of the Belgians, is hopeless.

As the result of a feud, Frank Blackwell and John Scott were shot and instantly killed by Jess Durham.

C. F. W. Neely has instituted proceedings to recover \$1,000 which was found upon him at the time of his arrest in Cuba.

A half dozen or more deaths are reported from the forest fire district along the Lewis river in the state of Washington.

The twentieth biennial convention of the United Brotherhood of Carpenters and Joiners of America is in session at Atlanta, Ga.

Alfred E. Bonchere, of Lawrence, Mass., went to a hardware store and after purchasing a revolver, killed himself in the presence of the salesman.

E. C. McLeewee & Co's grand performer, Major Daingerfield, with Odion in the saddle, won the \$25,000 annual Champion stakes at Sheepshead Bay.

Sunday the first anniversary of the death of President McKinley was generally observed by the churches throughout the land as a day of special memorial.

The force of native constabulary which has been in pursuit of the Ros band of irreconcilables in Tayabas province, Luzon, has killed and captured 25 of the bandits.

NO END IN SIGHT

Strike Enters Nineteenth Week Dragging Its Weary Length Along.

BOTH SIDES ARE FIRM

Neither the Strikers Nor the Operators Show Signs of Weakening in Their Position.

Gen. Gobin Says He Has No Orders For Early Removal of the Troops.

Shenandoah, Pa., Sept. 15.—Today opened the nineteenth week of the coal strike. The date on which Senator Platt predicted that the strike would end has passed and the hope which was instilled into the people in this locality because of that prediction has been succeeded by a feeling that the end is still far off.

The reiteration by the coal presidents that no concessions would be made and the resolutions passed by nearly all the local unions of the United Mine Workers renewing their allegiance to their officers and pledging themselves to continue the strike until concessions are granted show that neither side to the controversy is weakening.

General Gobin, in charge of the state troops encamped in this county, denies that he is preparing to remove the troops at an early date or that he expects an order from the governor to withdraw the troops. He says he does not anticipate an order of that kind until there is a settlement of the strike.

More Collieries Start.

Wilkesbarre, Pa., Sept. 15.—Superintendent Barnard of the Delaware, Lackawanna & Western companies collieries in the Wyoming region last night notified Sheriff Jacobs that additional men would be put to work today at the collieries which resumed operations last week, and that probably one or two more of the mines would be started up. Superintendent Barnard fears that the increased activity at the mines may cause interference upon the part of outside parties, and he requests the sheriff to furnish ample protection for the workmen. Sheriff Jacobs says he does not expect an outbreak, but will have a large force of deputies at hand to send to any place in the region where trouble may occur.

Killed By Accident.

Tamaqua, Pa., Sept. 15.—By the accidental discharge of a Winchester rifle in the hands of Hugh Black, a deputy at the Lehigh Coal and Navigation company's No. 4 stockade, near Nesquehoning Saturday night, Paul Haulick, a non-union man, was instantly killed. The bullet passed through his left lung, coming out of his back. Coroner Fehler of Nesquehoning held an inquest Sunday. A verdict of accidental death was rendered.

AFTER BRIBE GIVERS

St. Louis Corporations May Feel the Touch of the Law's Hand.

St. Louis, Sept. 15.—The work before the grand jury in connection with the alleged bribe combine in the city house of delegates based upon the state's evidence given by former Delegate J. K. Murrell, was put back somewhat by the preparations of the circuit attorneys' office for the habeas cor-

WOMEN TAKE A HAND.

Huntington, Ind., Sept. 15.—One of the most hotly contested cases that has ever been brought up in the commissioners' court of Huntington county is now before that body. The case has been in issue for several days, and the end will not be reached for at least a week. The case is brought about by Thomas Jacobs applying for a liquor license. Jacobs has been running a saloon in the Third ward for some years, and when he advertised for his license this summer the members of the W. C. T. U. planned to run the saloon out. With this object in view the women circulated a petition which was signed by over 500 men, a majority of the voters in that ward.

Zero Mark Early.

Berlin, Sept. 15.—Destructive storms raged in many parts of Germany yesterday. In Saxony the temperature sank to zero and a hurricane-like wind unroofed many houses and injured a large number of people. The damage is estimated at millions of marks.

Fatal Lockjaw.

Bloomington, Ind., Sept. 15.—W. K. Smith, after suffering for six days in terrible agony with lockjaw, is dead, aged fifty-eight. He was traveling representative for the Swift Packing company of Chicago, and leaves a family.

A Fatal Fall.

Manila, Sept. 15.—Colonel William A. Rafferty of the Fifth cavalry is dead at San Felipe from injuries sustained by a fall a week ago Saturday.

BUSY POLITICIANS

Indianapolis Is the Common Center for Them This Week.

Indianapolis, Sept. 15.—This will be a busy week politically. The state fair will bring hundreds of party workers to the city, so the state committee expects to be placed in possession of much valuable information. The committee will meet on Wednesday and the state ticket candidates on Thursday. The speaker's bureau is about the busiest place imaginable, as arrangements are being made for the opening of the campaign Saturday. It is probable that the meetings will be held in fifty counties. Senator Fairbanks has been assigned to Anderson, and Senator Beveridge to South Bend to sound the keynote. Efforts are being made to supply every request for speakers, which is proving a task of herculean proportions, although many men of prominence are volunteering their services. The committee is planning one of the most thorough speaking campaigns of recent years. One leader's explanation for this is that the Republicans have plenty to talk about. The party, however, is not to be dependent on speakers alone, as Chairman Goodrich and assistants are bringing together a fine organization. It is understood that the result of the 60-day poll is even more gratifying than it was two years ago, but of course no definite figures are to be obtained for publication.

Another "fighting parson" has been discovered. He lives in a city near here, but the postoffice officials who know his name refuse to give it up. They learned of him through a young man who asked them if he could not have the parson arrested for making threats through the mail. The young man it seems has owed the parson money so long that the latter has ceased to think that forbearance is a virtue, as he wrote him that he would be through Indianapolis this week and inquired whether he would prefer to meet him on the public square or outside the city limits. This looks to the young man as if the parson intends to take the "money out of his hide." Postmaster McGinnis informed him that the parson had not used obscene language and therefore had not violated the postal laws. The postmaster advised the young man also that "fighting parsons" were dangerous when once aroused.

A statement of J. F. Callen, state organizer of the Indiana Liquor League, to the effect that no efforts will be made next legislature to repeal the blanket remonstrance clause of the Nicholson law, is attracting considerable attention. It has been the understanding that the liquor men would make it hot for the temperance advocates when the lawmakers meet, but Callen says they will not. He declares that it makes no difference to the brewers how many saloons go out of business, as the brewers can sell to the drug stores. Without the aid of the brewers the saloon men cannot expect to carry on a successful campaign in the legislature, and until the drug stores are prohibited from selling liquor he thinks the brewers will be indifferent to the actions of the Anti-Liquor League, which is now exterminating saloons at a rate of 100 a month.

Judge John H. Baker of the federal court is expected here this week. He has been away several weeks on his annual summer vacation and is now at his home in Goshen. It is reported that he is in better health than ever. The politicians do not wish the judge any bad luck, but they have taken a peculiar interest in his health in view of the fact that he is nearing three-score years and ten, when he may retire from the bench at full pay if he desires to quit. But the judge, it is understood, wants to stay longer, as he likes the work, and so long as his health is fine as it is now, politicians do not believe he will step down to gratify the wishes of the men who want to succeed him. The court will resume session as soon as he returns.

Young Woman Burned.

North Manchester, Ind., Sept. 15.—Della, the twenty-one-year-old daughter of Elder John Wright of this place, was burned to death. The young woman, alone at home, was engaged in cleaning ribbons with gasoline and drying them around the stove, when they caught fire and instantly the fluid on her hands was all ablaze. The flames communicated to her clothing and the frightened girl rushed out doors in the rain and rolled in the wet grass. She succeeded in extinguishing the blaze, but not until she was fatally burned.

He "Helped Himself"

Walash, Ind., Sept. 15.—The Walsh city council has directed two experts to make an examination of the books of the late treasurer, John B. Rose, and ascertain the amount of the shortage before the bondsmen are formally called upon to settle. Rose, so far as the investigation has been made, was careful to enter on his books all the money he received, and his shortage occurred through his helping himself to cash whenever he needed it, and not by "doctoring" the records.

Mrs. Oliver's Death.

South Bend, Ind., Sept. 15.—Mrs. James Oliver, wife of the pioneer plow manufacturer of this city, died Saturday night after an illness of ten days' duration. Mrs. Oliver was a native of South Bend and had seen the place grow from a struggling village to the city of today. Although the end was not unexpected, yet the announcement of the venerable woman's death cast a gloom over the entire city.

Underestimated the List.

Terre Haute, Ind., Sept. 15.—The six voting machines bought by the county for the November election cannot be used because the capacity of the machine is for forty-six names, whereas there will be fifty names on the Vigo county ballot. The commissioners bought the machines with the understanding that if they proved satisfactory thirty would be purchased.

Logan Acquitted.

Richmond, Ind., Sept. 15.—John A. Logan, charged with arson, was acquitted by the jury. Logan was until a year ago in the livery business. His stable was twice damaged by fire and the circumstances connected with the fire resulted in his arrest.

Conductor Smith Also Badly Hurt—Accident Said to Be Due to Carelessness.

Terre Haute, Ind., Sept. 15.—S. T. Kerr, a Chicago & Eastern Illinois brakeman living at Clinton, was instantly killed Sunday morning, and William Smith, a conductor on an extra coal train, was badly injured in a wreck four miles north of Clinton, due to a regular coal train crashing into the rear of the extra. Smith and Kerr were in the caboose when they saw the train coming behind them. As they realized a collision would occur both men ran to the front end of the caboose and jumped. The caboose was overturned, catching Kerr before he could get away. The collision is said to be due to carelessness of the crew on the regular freight.

REWARD OFFERED

John Selby's Mother-In-Law Wants Him Brought Back.

Vincennes, Ind., Sept. 15.—The case against John Selby for forgery was called for trial before Mayor Ross Roush Saturday afternoon, but the defendant failed to appear and his bond of \$500, with his mother-in-law, Mrs. Mary T. Mayes as security, was declared forfeited to the state. Mrs. Mayes, who says she was coerced into signing the bond, has offered a reward for Selby's arrest. It has now developed that Selby had several alleged victims in Lawrence and Crawford counties, Illinois, and they will join in the endeavor to capture him. Many other forged notes aggregating several thousand dollars have turned up.

Says Is Unconstitutional.

Marion, Ind., Sept. 15.—A sensational action has been begun in the Grant circuit court for the removal of the metropolitan police board, which was appointed by Governor Durbin agreeably to an act of the last session of the legislature. The case is brought by Pat Antrim as relator for the state and makes Daniel Reardon, W. W. McCleary and Robert House, the police commissioners, defendants. The complaint avers that the act under which the board was appointed is unconstitutional, and cites the fact that four previous bills for the appointment of such officers had been vetoed by the governor. The fight against the board is the result of several raids that have been made on clubrooms and Antrim is generally backed by the saloon men of the city.

Strike Breaker Killed.

Omaha, Neb., Sept. 15.—Earl Caldwell, a machinist who recently came here from Chicago, was killed in the street here early Sunday. The tragedy is an outgrowth of the Union Pacific strike. Caldwell and another strike breaker who came into the city from the shops were set upon by six men and terribly beaten. Caldwell's companion escaped, but when help came in answer to Caldwell's cries he was unconscious. He died soon afterward.

Died of Hydrophobia.

Evansville, Ind., Sept. 15.—Corra, the nine-year-old daughter of John Young, a farmer, is dead of hydrophobia. The child had suffered terrible agony for several days past. It is believed the little girl was bitten by a dog in July last, as the father and three or four other people were bitten at that time, when the dog was killed. Before her death the victim showed all the symptoms of a vicious and suffering dog.

STRATTON'S DEATH

Mining Millionaire Passes Away At His Colorado Home.

Colorado Springs, Col., Sept. 15.—Winfield S. Stratton, the millionaire mining man, died at 9:30 o'clock last night.

Mr. Stratton had been ill for several months. He had been in a critical condition for several weeks, and his death was expected at any time. Mr. Stratton was born in Jeffersonville, Ind., in 1848. After an education at

the city schools he mastered the carpenter's trade. He came to Colorado Springs in 1872 and had since been a resident of this city. For thirty years more or less he had been interested in mining, being a prospector in various Colorado camps before he opened the famous Independence Bonanza. The independence yielded Stratton millions, and in 1898 was sold by him for \$10,000,000, he retaining, however, a very considerable interest.

Mr. Stratton's private charities were boundless and his interest in the public welfare was almost without limit. He was the owner of the Colorado Springs street railway system. His wealth is estimated at \$15,000,000.

PATRIOTISM

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia.

The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier, and a fault finder.

A sound stomach makes for good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It builds up the body with sound flesh and solid muscle.

"After I received the advice which you gave me in regard to my treatment," writes Geo. Dorner, Esq., of 303 Pulaski Street, Baltimore, Maryland, "I used your 'Golden Medical Discovery' according to directions. After using four bottles I considered myself cured, as I have not felt any symptoms since. Had tried almost all remedies that I heard of that were good for dyspepsia, but without relief. Finally, I became discouraged, and wrote to you for advice, with the above result."

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations.

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Not Wholly Dry

A survey of the saloons Sunday showed that the order to close the front doors and keep them closed over Sunday and to remove screens was generally obeyed. Nevertheless there were evidence of a back door business at several places, though some of the saloon men kept their places closed tight all day. There were some outward evidences, also, that intoxicants were to be had or else they had been kept over.

Money Making at Home.

The October Delineator offers many valuable suggestions to women who would like employment at home and notes several instances in which a competence has been acquired by women who have followed such unusual lines of work as making linen, sewing on skirt braids, making plum pudding, Saratoga chips, paper dolls, favors for weddings, etc.

Will Not Fight Law.

J. F. Callen, State organizer for the Indiana Liquor League, is authority for the statement that the saloon keepers will make no organized effort to have the blanket remonstrance section of the Nicholson law repealed by the next legislature.

Callen says they will not make this effort because the brewers will not join in the fight. He says brewers do not care how many saloons are driven out of business, as they can sell just as much beer to drug stores. Callen observes that the saloon keepers, without the assistance of the brewers, have not the funds to have any of the Nicholson law repealed.

A Parson's Noble Act.

"I want all the world to know," writes Rev. C. J. Budlong, of Ashaway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine, all-around cure they excel anything I ever saw." Electric Bitters are the surprise of all for their wonderful work in liver, kidneys and stomach troubles. Don't fail to try them. Only 50c. Satisfaction is guaranteed by W. F. Peter's Drug Co.

Feet Swollen to Immense Size.

"I had kidney trouble so bad," writes J. J. Cox, of Valley View, Kentucky, "that I could not work; my feet were swollen to immense size and I was confined to my bed and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure, which made a well man of me." All druggists.
